

## ASSOCIATE BRIDGE ENGINEER / PROJECT ENGINEER

Dokken Engineering is seeking to retain an enthusiastic, involved, success oriented Associate Bridge Engineer looking to grow their career towards a Senior Engineer/Project Manager role by joining our Structures Design Group! You will be an integral part of an excellent team that delivers innovative engineering solutions for local, state, and federally funded projects. Our core focus is transportation: *bridges, roadways, highways and interchanges, bicycle and pedestrian paths, dams, and other public works facilities*. Dokken's current representative work, throughout the state, includes projects with multiple structures, as well as individual bridge projects, with up to \$25 million in constructed value.

In this role, you will assist in project management and perform tasks from initial concept to preliminary and final design through construction. You'll also be involved with client management, assist in proposal preparation, and participate in presentations.

With 130 staff located in our three offices (Folsom, Redding, and San Diego), Dokken Engineering has an in-house, full-service team (Civil, Environmental, ROW, H&H) ready to fully support your work efforts.

If you have 5+ years' experience in: bridge design and analysis, Caltrans type selection, design standards, special provisions, and estimating, etc., we want to talk with you! Let's talk about the opportunity to work with some of the best Project Managers in the industry! And how, together, you can create and implement your innovative engineering strategies to transportation challenges - on projects in the community you live, regionally and throughout California.

### **Minimum Requirements:**

- Bachelor's Degree (BS) in civil engineering; Master's Degree (MS) is a plus
- Registration as a CA Professional Engineer (PE)
- 5+ years of experience in bridge design and engineering
- Demonstrated technical ability in design layout, type selection, design calculations, and preparation of structure special provisions to Caltrans' guidelines
- Excellent communicator with experience in technical writing, construction estimate preparation, and proficient in bridge software

### **Preferred Qualifications and Skills:**

- Experience in designing a variety of bridge types
- Proficient in AASHTO LRFD Bridge Design Specifications

**If you would like to be a part of our busy and fun group, email your resume, cover letter, and three references to [jobs@dokkenengineering.com](mailto:jobs@dokkenengineering.com). We can't wait to meet you!**

**FLSA Status:** Full-Time Exempt

**Compensation:** Competitive salary ranging from \$90,000 to \$120,000, commensurate with qualifications and experience

**Benefits:**

- Comprehensive health plan including:
  - Medical – Kaiser Permanente & Blue Shield of California (network includes UC Davis and Sutter Health)
    - HRA Options available to cover out of pocket medical expenses
  - Dental – Delta Dental of CA
  - Vision – VSP
  - Flexible Spending Account for health care and dependent care expenses
- 401(k) Profit Sharing Plan with generous, industry-leading employer match of 9%
- Participation in Employee Stock Ownership Plan
- Life, accidental death, and long-term disability insurance (Auto-enrollment and Voluntary options available)

**Introductory/Probationary Period:** At-Will Employment

**Location:** Folsom HQ office or San Diego office

**Date Posted:** 03/16/2021

**Reply By:** 04/14/2021

**Equal Opportunity Employer Statement:**

It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, color, national origin, age, or disability. Such action shall include employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training.
